Re-election Is Sought By 4 Officials

**Nominating Petitions Are
Filed As Municipal Cam-
paign Gets Underway**

Four of the present city officials—Councilmen Warren O. Preston and William J. Lawless, City Clerk Elmer A. Green and City Treasurer Carleton J. Pegler—formally announced their intention to seek re-election at the municipal election of April 11, late yesterday afternoon. Just before the City Hall closed their nominating petitions were filed at the office of the City Clerk.

The only office for which there is as yet a contest is that of City Clerk. Waverly E. Pratt having announced his candidacy for that office three weeks ago. But it is probable that there will be a full slate of candidates representing the Belohlavek-Isaacs faction. An officer of the Protective and Improvement Association, behind which the Belohlavek-Isaacs campaign will be waged, announced some time ago that Mr. Belohlavek and Mr. Isaacs had decided not to be candidates again this year, but that petitions on behalf of a group of candidates they will support will be filed not later than Monday.

The petition of Warren O. Preston is signed by James N. Hawks, Alma E. Morgan, Vincent Fleming, Robert C. Copenhaver, Andrew Olsen, Frank Smith, Myrtle G. Hill, Roy Edwards and George M. McRoberts Jr.

Signers on the petition of W. J. Lawless are Oscar Selling, C. W. Jones, R. S. Corlett, Ruth Klemme, Bevard, John L. Woehler, H. B. Hersey, B. A. Platte, John H. Robertson, Edgar W. Camp and Fred Hooker Jones.

Those sponsoring the candidacy of Carleton J. Pegler are Arthur Johnson Jr., Roland A. Adams, J. Milton Steinberger, W. S. Andrews, Rudolph R. Hartman, James N. Hawks, Lydia M. Webster, Janet S. Wood, Frank A. Spencer and C. C. Thompson.

Elmer A. Green's petition is signed by H. C. Parker, Fred Hooker Jones, Miss Lydia Webster, Dr. W. J. Barlow, J. O. Smith, Mrs. E. D. Burbank, Mrs. E. E. Bacon, I. B. Goldberg, L. E. Steinberger and Tom Neale.

The last day for the filing of petitions by candidates is next Tuesday.

On Friday of next week, March 25, a school board election will be held. There is but one candidate, Rudolph R. Hartman being a candidate for the place he now holds by appointment. His friends are hopeful that a good vote will be cast as an evidence of appreciation of the service being rendered the community by Mr. Hartman. There will be but one polling place for this election, at the grammar school building at Highland and Auburn avenues.

Home Town Artists To Show Work

Sierra Madre artists will have their third annual showing of their work during the Wistaria Fete for the month of April.

The opening of the exhibit will be March 31, when the art chairman of the District Federation will visit the Wistaria Fete and as special guest of the art committee and Woman's Club view the local artists work in the "Little Gallery" followed by tea in the club house. Ella Shepherd Bush, one of the country's most noted miniaturists, will open her studio to the out-of-town visitors.

On the evening of the 31st there will be a reception at the City Hall for the exhibiting artists of Sierra Madre, with city officials and executives of local organizations as honored guests, in recognition of the work of Sierra Madre's painters.

At a recent meeting of the Chamber of Commerce when Mrs. Fred Griebel was made her annual report as chairman of its art committee, the chamber directors, admitting their delinquency in the past, agreed to serve as members of all future receptions to exhibiting artists. The full membership has pledged itself to be on hand at the coming event.

Know Your Neighbor

How many of the worthwhile Sierra Madreans do you know? There are lots of them here. Some are better known to the world outside through their writings, paintings, their compositions, their products or their efforts in behalf of their country or city—than they are in their own home town.

Beginning with the story about Carleton J. Pegler in this issue of The News and in each issue thereafter there will appear a story about one of your fellow townsmen (or women) that is bound to interest you.

Know your neighbor.

Two Rescued From Chinese Bandits To Tell Of War Zone

Mrs. Robert W. Porteous

With China and the Shanghai war zone on the "front pages"—Bethany Church will present an unusual attraction on Sunday. Surviving one hundred days of captivity in the hands of a notorious brigand army in the interior of China, Rev. and Mrs. Robert W. Porteous, of the China Inland Mission, will be heard on Sunday evening. Mrs. Porteous will speak to the young people at 6:30 p.m.

A few weeks before the capture of Mr. and Mrs. Porteous, three Finnish women, associate workers of the same Chinese mission, had been taken by the same brigand army and two of them cruelly put to death.

Rev. Robert H. Glover, M.D., Home Director for North America, of the China Inland Mission, will be the speaker at Bethany Church on Sunday morning at 11 o'clock. Few men are better informed on the world-wide missionary situation.

Deed Of Kindness To "Unfortunate" Is Costly To Olsen

Limping into Olsen's Shoe store, on North Baldwin avenue, last Friday, a young man in workmen's clothes, with one hand bandaged, dropped into a seat and said he needed a pair of shoes. He selected a pair, reached into his pocket and took out a check.

"You'll have to take this," he said. "I was hurt while at work and this is my compensation check."

Mr. Olsen looked at the check. It was headed "West Coast Casualty Health and Accident Association" and drawn to George A. Nickell. Above the signature were the printed words "Workmen's Liability." It was signed "R. E. Webster, Treasurer." The check was drawn on the California Bank, Los Angeles, and was for \$24.48.

Mr. Olsen, in his desire to do a kindness for a fellow in distress, did not question the check. It had every appearance of being genuine. He gave the man the shoes and the balance of \$19.98 in cash.

On Tuesday Mr. Olsen was very much surprised to have the check returned marked "No Account." He turned it over to the Chief of Police McMillan. The Chief quickly learned that there was no such organization. Close examination of the check showed that the printing had been done by an amateur. Chief McMillan promptly sent out a warning over the police radio in the hope that the racketeer would be caught at his next stop.

Big Voters List Evenly Balanced

Sierra Madre's record-breaking registration of 1822 voters who are eligible to participate in the municipal election of April 11, the Presidential primary of May 3 and all the other elections of this year, is well distributed over the city. There is a difference of only 52 between the district in which there is the greatest resignation (the First and the lowest (the Sixth) in which there are 228 voters. The registration by districts follows:

District No. 1, 280; No. 2, 257; 3, 266; 4, 260; 5, 252; 6, 228; 7, 279; total, 1822.

There will be but two polling places at the municipal election next month—at the City Hall and at Norm's Garage on North Baldwin. The Fifth, Sixth and Seventh districts, all lying East of Baldwin avenue, have been consolidated for this election, with the polling place at Norm's. The first four districts, lying West of Baldwin, are consolidated with the polling place at the City Hall.

Fete Opens For Preview On Sunday

**Crowds Force Early Date
Although Vine Not Yet
Fully In Bloom**

All the stage is set for a preview opening of the Wistaria Fete on Sunday. The official opening will not take place until Thursday, March 24th, when a party, sponsored by the Volunteer Firemen, and including many distinguished guests, will start the 1932 season with fitting ceremony. The famous Fennel vine continues to be balky. It is unusually late this year and will not reach the peak of its bounteous beauty for perhaps ten days. The uncertain weather of the last two weeks and particularly the lack of warm sunshine, has kept it back. At the preview on Sunday it will barely be a sample of what it will be later when it bursts forth in its full glory.

Chief Richards, of the Firemen, who, with George Norris as his assistant is directing the show this year, said yesterday that they are forced to throw the gates open on Sunday.

On last Sunday," said Chief Richards, "several hundred cars drove up to take a look at the vine and their occupants were eager to enter the gates and inspect it. All this week other carloads have been coming in, and on (Continued on Page Seven)

Many Prizes For Flower Show April 8

**Committee Of Women Named
For Two-Day Affair At
Women's Club**

Nearly two score Sierra Madreans, comprising the personnel of a dozen committees, today were actively making preparations for the Spring Flower Show to be held April 8 and 9 at the Woman's Clubhouse.

Committee appointments were announced today by Mrs. George M. Lehner, in charge of arrangements for the show. Mrs. Lehner who has headed numerous successful "Woman's Club" affairs during her residence in Sierra Madre, declared she had received a promise of the utmost cooperation from everyone appointed to committees.

"I feel confident," she said, "that this show will be very successful. If everything goes as it appears everything will go, then it will be different from any show we have ever given."

Plans for the show call for a bridge tea to commence at 2 p.m. on the first day, Friday. The following morning a cooked food sale will be held as well as the awarding of prizes for the most beautiful basket exhibits. That noon a luncheon will be served in honor of the Los Angeles County Planning Commission, which has been sponsoring the county-wide beautification program. A dance at the clubhouse Saturday night will bring the two-day show to an end.

Committee personnel and chairmen will be:

Home Made Candy—Mrs. Ole Hansen Jr., and Mrs. L. M. Anderson.

Potted plant and bulb sale—Mrs. George M. Lehner, Mrs. R. C. Copenhaver, Mrs. George Blakeslee.

School Children Plan To Hold Their Own Flower Show

A nasturtium flower show will be held at the Sierra Madre School as soon as the seeds sprout which the children have planted this week, and the flowers bloom. Both the public school pupils and the pupils of St. Rita's will compete.

At present a vegetable garden is being cultivated by the youngsters. Chairman Humphries of the local Relief Committee says, "We are supplying the seed and the teachers will undertake the instruction." According to Miss Elizabeth Steinberger, principal of the grammar school, seeds are also being given out for home gardens. The school garden is serving as a model, and the children, especially those at the point of need, will benefit by learning to plant and grow such vegetables as beets, carrots, endive, lettuce, radish, squash, Swiss chard, tomatoes, and turnips.

Latest Newcomers Welcomed To City

Newcomers welcomed to Sierra Madre during the past week are Fred Lancaster of Monrovia, who has moved to 180 North Mt. Trail avenue; Dan Boles, 290 West Grand View avenue; H. Goodman, 92 East Grand View avenue; Ida Ludeff, 101 North Grove street, and Dorothy Miller, 220 East Central avenue.

HIGH LIGHTS IN BILL OF COMPLAINT AND MEASURE IT SEEKS TO INVALIDATE

The complaint filed with the Superior Court by which it is sought to stop the Central Avenue improvement and all other work now in progress or to be undertaken hereafter under the unemployment relief ordinance, asks the court to declare the ordinance null and void and to enjoin and restrain the City Council and other officials "from performing any work or paying out any money whatsoever under and by virtue of the provisions of Ordinance 348" (the unemployment relief measure).

It would "forever enjoin and restrain" the Council from passing "any resolutions of intention" for any further improvement projects contemplated by the ordinance, from ordering any plans and specifications, employing any labor, buying any materials or using any city equipment or machinery to carry through such improvements and prays that the Council and other officials be required to pay into the city treasury any money already expended on Central Avenue or on the paving of Esperanza street, Orange Grove avenue or elsewhere, where the work has been done under the authority of Ordinance 348.

The main attack on its legality is based on the contention that Sierra Madre, being a city of the sixth class, is without authority to pass a procedure ordinance of its own, but must operate under the State Improvement Act.

The Ordinance No. 348, which it is sought to have set aside, was evolved by the City Council, and the Central Relief Committee as a measure at once to provide work for the city's unemployed and to carry forward certain improvements without the high overhead—engineering, legal and other costs imposed by the State Improvement Acts, which have prevented the paving of more than five miles of dirt streets within the city boundaries.

Under its provision two streets have already been paved—Esperanza street and West Orange Grove avenue—at a cost to the property owners of one cent a square foot, with a less cost to the city. The suit seeks to prevent completion of the improvement of East Central avenue which has been authorized by the Council, which work is now in progress, at a guaranteed cost of 2 cents a square foot to the affected property owners, the remainder to be paid for out of an allocation of \$16,000 by Los Angeles county, made to assist the city in defraying the cost of creating a street to conform with the proposed county extension of Central avenue through the Hastings ranch into Pasadena.

Petitions are now being circulated by the property owners for the improvement of four other streets under the ordinance now under attack.

CITY'S FAME GOES WORLD OVER ON NEW "SIERRA MADRE" LEMONS CHOSEN AS CALIFORNIA'S BEST

"How much for Sierra Madre?" "Every business day of the year that cry is heard in the market place of New York City. Every day in the year at least one carload of Sierra Madre's peerless fruit is sold on the auction block in America's Metropolis, and from there each box, plainly marked "Sierra Madre," goes scattering over the East in the distribution of the fruit.

Carleton J. Pegler, of East Orange Grove avenue, where he still operates an orchard his father started back in the days when the present city was just a part of the foothill slope, is responsible for the "Sierra Madre" trademark used by the Sierra Madre-Lamanda Park Citrus Association, recently adopted to mark the select lemon crop of this section, which, according to Mr. Pegler, is now conceded to be the finest in the world.

It will probably be news to many Sierra Madreans that the local association is the second largest shipper of lemons in the United States, being exceeded only by the Upland Association. The Upland crop, although superior in quantity, is not equal to the Sierra Madre product in quality, according to citrus authorities.

Last season our association shipped 308,144 boxes of fruit," said Mr. Pegler. "These were distributed through the East, Canada and England, and on every box the name 'Sierra Madre' appeared. These consisted of 147,210 boxes of lemons, 144,193 boxes of oranges, and 16,741 boxes of grapefruit. (Continued on Page Two)

U. S. Offer Of Flour To Aid Relief

Free flour for Sierra Madre's needy was in the offering today as members of the local Red Cross conducted a survey to determine how large an amount would be needed here over a three-month period.

Recent Congressional enactments have made available a stock of government wheat valued at more than \$5,000,000 for use by the country's needy families, according to W. R. Humphries, chairman of the local Red Cross.

The wheat, held in government warehouses by the Farm Board, will be milled and distributed through local chapters of the American Red Cross, he said. Co-incident with his announcement regarding the flour, Mr. Humphries said that the local relief organization has received a shipment of 75 pairs of khaki pants, donated by Mr. N. Harris, head of the Union Manufacturing Company, of Los Angeles. The pants are in young men's sizes and will be distributed where needed.

Mrs. H. D. Ross, of 86 E. Highland avenue, is handling the work in connection with distribution of the flour. Mr. Humphries said. Based on an average family requirement of 10 pounds of flour a month, a three month's supply for local relief use would call for upwards of 1500 pounds. The Red Cross chairman said.

In addition to those placed on "odd jobs" of several hours duration, the local relief committee placed approximately 57 unemployed men on city improvements during the first part of the month of March. The men were used in the following order, according to Assistant City Clerk Dan Lewis: 18 on street improvements, 17 water improvements, 14 on grocery orders (working on parkways and in Bailey Canyon), 4 clearing Bailey Canyon, and 4 doing miscellaneous work.

MANY WIN PRIZES

A very successful St. Patrick's Day card party was given on Thursday by the Junior League of the Woman's Club in its new quarters at the clubhouse. The St. Patrick's motif was stressed in the decorations. Among the prize winners were Mrs. Waverly Pratt, Mrs. Ethel Davis, Mrs. Percy Kortkamp, Mrs. George M. Lehner, Mrs. Harry Holland and Mrs. Joe Sprague. Another card party is being planned by the girls for the near future.

Injunction Sought To Halt City's Paving Program For Relief Of The Unemployed

APPEAL MADE TO SUPERIOR COURT TO STOP IMPROVEMENT OF CENTRAL AVENUE AND PREVENT WORK ON MANY OTHER THOROUGHFARES BY DECLARING INVALID ORDINANCE 348 UNDER WHICH WORK IS BEING CARRIED FORWARD

An effort to halt the improvement of Central avenue and to prevent the carrying forward of any street improvements now in progress, or that may hereafter be undertaken under the unemployment relief ordinance of the City Council was made in the courts at Los Angeles on Wednesday.

An action to restrain the Council and other officials from proceeding with present undertakings, from entering upon new projects and to have the unemployment relief measure known as Ordinance 348 declared invalid, was begun by members of the local political faction opposed to the present city administration.

Papers in the case were served on the five City Councilmen, Business Manager Al S. Myers, City Clerk Elmer A. Green and City Treasurer C. J. Pegler late on Wednesday afternoon. Work on Central avenue was immediately suspended pending a conference of administration members whom it was sought to enjoin, after which enough workmen were returned to their places to put the street in passable condition for the convenience of residents on the thoroughfare.

Following another conference yesterday morning at which City Solicitor Phil Dodson was present, the full force of city employees resumed work on the Central avenue project at noon, members of the Council and other city officials having agreed to become personally responsible for any financial obligations incurred by proceeding with the improvement, in the event that the attack of the Belohlavek-Isaacs faction should be successful.

The city has 10 days in which to file an answer to the bill of complaint issued over the signatures of H. J. Kohl, Albert N. Croxson, F. G. Floyd, Caroline I. Morton, Carrie Justus Nash and A. M. Udell. Following such an answer a date will probably be fixed for a hearing. Unless the court should then issue an injunction, which is regarded as highly improbable, the preliminary to the effort to have Ordinance 348 declared of no effect may drag on indefinitely.

R. A. Linn, of Los Angeles, who has appeared as attorney for the Belohlavek-Isaacs faction in various attempts to obstruct the City Council, appears as attorney in the present proceeding. The bill of complaint is almost identical with the protest Mr. Linn filed with the Council on March 9, the date Council fixed for the hearing of protests against the Central avenue improvement. Its main contention is that the City of Sierra Madre being a city of the sixth class, was without authority to enact a street improvement act of its own, and that Ordinance 348, under which the street improvements are being carried forward, is therefore without effect. Also that proceedings under the ordinance are "in violation of Article V of the amendments to the Constitution of the United States and in violation of Section 13, Article 1 of the Constitution of the State of California."

None of the complainants are residents of, or property owners on Central avenue. H. J. Kohl sets forth that he is the owner of lots 22, 23 and 24 in tract 1360, Sycamore Place, Albert N. Croxson gives lot 35 in tract 2456, Canyon Park, as his real estate. F. G. Floyd sets forth that he is the owner of lot 15 in Canon tract, Carolin F. Morton, wife of D. F. Morton of East Orange Grove avenue, claims ownership of "part of lot 8, Sierra Madre tract." Carrie Justus Nash, wife of Joseph P. Nash, of Alta Vista Drive, gives her holdings as "lots 344, 345, 348, 349 and 352, tract 2456." Canyon Park. A. M. Udell gives the real estate owned by him as lot 24, Sierra Madre tract.

Carew Tells Forum About Radio World

Sierra Madrean Says R.C.A. Controls It With 4,000 Patents

By E. W. Camp

Not often does one hear correct and choice English. The Open Forum heard it from the lips of Miss Brauman. Maybe she inherits the diction and phrasing that made the New York Sun famous under the management of her grandfather, Charles A. Dana. She talked about boycotts against nations; that a boycott against Japan for instance could hardly be put through Congress against pressure of business interests; that the United States would not join with the League of Nations in a boycott. On the other hand an unofficial boycott might possibly have considerable effect—might even lead to war.

From Mr. Harold Carew, our fellow townsman, we had one of the best talks of the season. He has been getting the true inwardness of the radio business and gave some of the results of more than a year's study. He told us that Radio Corporation of America (R.C.A.) controls four thousand patents, a number of subsidiary corporations, among them N.B.C.—the National Broadcasting Company. The owners of radios have paid for their sets more than a billion dollars while the installations for transmission have cost about one thirtieth as much; yet the senders interests, not the receivers', are considered by the Federal Radio Commission.

We are eating out of R.C.A.'s hand, we are getting free hand-outs day and night, and because they are free, it is not for us to criticize the quality of the food. Is it always so? You get your money's worth and not much more. If it cost's nothing it's not likely to be worth much. And that's true of free advice, so we had best stop right here.

Next time, first of April, we shall hear that America was once a part of the eastern hemisphere and gradually edged away to let in the Atlantic Ocean, and escape "entangling alliances." We wonder whether some high schooler will be able to pick a hole in the argument that will be made to show that South America and Africa were once one?

Eggs Aplenty For Children's Easter Party At City Park

Five cases—3600 eggs—will be dyed all the colors of the rainbow for the Easter party to be given the children of Sierra Madre at the City Park next Saturday afternoon (March 26) by the Volunteer Fire department. Besides there will be a hundred pounds of candy eggs of all sizes and colors—and bunnies and some live chicks that will go as prizes for winners in the egg roll, and other games and contests.

All the children of the city have been invited—those in the schools through their teachers, who have been asked to be on hand to aid in carrying through the generous program of entertainment.

Also the parents and relatives of the children have been assured that they will be made welcome if they come to see the youngsters enjoy themselves.

Local Base Ball Hope Now Centers On Hasting's Ranch

Negotiations were being carried
on today in an effort to secure a
portion of the Hastings ranch,
west of Sierra Madre avenue and
north of Foothill boulevard, for
use as a baseball diamond. This
is partially the last available site
for a diamond, and if negotiations
fall through it may be the death
of local hopes for a hard ball
team here this year.

In efforts so far to secure the
diamond, the Hastings property
has always been a possible site,
but was slighted because of a
report that the owner would de-
mand the ball club to secure a
full insurance coverage. This
made the property almost pro-
hibitive. Under certain new plans
of Frank P. Myers, who is or-
ganizing the team, it may be pos-
sible to finance the lease and
insurance coverage, he said.

Change Of Name Of Santa Anita Ave. Meets Opposition

The county "street names com-
mittee" is encountering increasing
opposition in Arcadia on the pro-
posal to change the name of
"Santa Anita avenue" (Double
Drive) in that city, the opposition
contending chiefly the street is an
"old established one and familiar,"
as well as the name now of a
great highway into the Sierra
Madre mountains.
The county group advocates the
change because the name is dupli-
cated in both Lamanda Park and
Altadena. At a meeting held in
Pasadena last week two Arcadians,
C. B. Fulkner, president of the
Arcadia city planning commission,
and A. L. Parker, a member of
the "names committee" both op-
posed the plan, maintaining the
famous "double drive" is an "in-
stitution" to Southland motorists.

Los Angeles Mayor Guest Of Kiwanis

**Big Crowd Expected At
Tuesday Luncheon To
Hear Porter**

Mayor John Porter, of Los An-
geles, and Roy E. Steckel, his
chief of police, will be guests at
the Kiwanis Club luncheon meet-
ing in the Woman's Clubhouse
next Tuesday.

Kiwanis officials said a large
crowd is expected to attend the
luncheon but that only those hav-
ing reservations would be ad-
mitted.

One of the best Kiwanis meet-
ings of the year was held on
Tuesday. President Frank Spencer
presided. Visiting Kiwanians
from Alhambra, Pasadena, Al-
tadena and Monrovia were intro-
duced.

After the luncheon Rev. Arthur
Pritchard spoke on the need of
raising funds for the Boy Scouts
of Sierra Madre, stressing the
fact that it is absolutely neces-
sary that this money be raised in
a few weeks or the Troops here
will be dropped from the Council.

The meeting was then turned
over to Gordon Brooks, who in-
troduced Mr. Hutton, foreman of
the present Grand Jury. Mr. Hut-
ton told interestingly of a trip
a number of the Grand Jury
made recently to various work
camps the county is maintaining,
then in time introduced the speaker
of the day, Percy Hammond,
Assistant District Attorney and
legal adviser of the Grand Jury.

Mr. Hammond told of the method
used in choosing the jury. He
said in some States, County
Grand Juries are composed of
six members, some 12 and some
as high as 23, while in Cali-
fornia 19 are drawn.

Mr. Hammond told an interest-
ing story of Abraham Lincoln's
law, saying the attorneys had of-
ten traveled a number of miles,
and while Lincoln's opponent spent
his evenings before the trial at
the hotel, Lincoln spent his at
the cross road stores, where the
townspeople gathered telling stories.
The next day when court
met he knew who to pick on the
jury and usually the case was
won for his client with very lit-
tle argument.

On March 19th a "Ladies
Night" entertainment will be held
at the Woman's Clubhouse, with
A. L. Wisburg and William Mid-
dough in charge. Various novel
stunts are being planned for the
evening.

VISITOR DISPOSES BIG MEXICAN RANCH

Mr. and Mrs. E. J. Irwin and
daughter, Margaret, left on
Thursday for their home in San
Diego after a visit of two weeks
with Mr. Irwin's sister, Mrs.
Blanche Buie, 257 West Laurel
avenue. Before taking this vaca-
tion Mr. Irwin disposed of his in-
terests in the Circle Bar ranch, in
Mexico, of which he was manager
for a number of years. The Circle
Bar ranch has one million and a
half acres.

MANY RADIO STARS IN PERSON AT SHOW BOOKED IN PASADENA

"Hello everybody" might well
be the greeting of Floyd Gibbons
if he were functioning as an an-
nouncer at the Civic auditorium
tomorrow, because, according to
the Auditorium management, the
popular scale of prices prevailing
for the All Star Radio Revel will
result in the mammoth theatre
being taxed to utmost capacity,
at both the matinee and evening
performances, if the advance de-
mand for tickets may be con-
sidered as a barometer of public
interest in the forthcoming event.

The very natural curiosity re-
garding the personalities of the
more popular radio artists is un-
questionably also a partially re-
sponsible for the reputedly un-
precedented advance demand for
tickets. Excellent seats may still
be had, it was said, but tardy pa-
trons may be entirely disap-
pointed if reservations are longer
deferred.

Warning was also issued by the
Auditorium management that ow-
ing to the length of the program
the afternoon show will begin
promptly at 2 p.m. and the
evening show at 8 sharp.

COL. HERSEY SPEAKS BEFORE FRIDAY CLUB

Col. and Mrs. H. B. Hersey
are attending today the luncheon
of the Friday Morning Club of
Los Angeles as guests of Mrs.
Elmer A. Green, chairman of lit-
erature. Col. Hersey, as speaker
of the occasion, will offer
comments on the present discus-
sion of alleged changes in climate,
his remarks being based on his
experience of many years as gov-
ernment meteorologist for South-
ern California.

Legion Nine vs. Icemen Open Season

Night baseball enthusiasts in increasing numbers donned old clothes and pranced under the arclights during the past week. Three separate groups have nines in the process of formation, with two of them, the Icemen and the Legion, slated for the first season's competition tonight at the Grammar School.

So far the American Legion has been the most industrious of the groups, this perhaps due to the fact that the 18th American Legion district, comprising posts in the San Gabriel valley, opens the ball season April 22. Other teams already practicing are the Icemen and a team being organized by Tom Tarwater, known last year as the Moran Construction Company nine.

More than a score of Legion members have been reporting for practice twice a week for the past two weeks. Although all players are working the stiffness from their joints, and "decreasing the waist line," no position assignments have been made as yet.

On Friday, April 1, the Sierra Madre All-Stars will meet the "Champion Dog Biscuit" nine from Glendale, in a contest which promises much in the way of action and thrills. Last sea-

son the two teams played 12 innings to a 4 to 3 victory for the local aggregation, a game, in the words of one of the players, which "made strong men weep and aged me, for one, about two years."

Approximately a half dozen groups are preparing teams which will be formed into a city league similar to that of last year. Those announced at present include the American Legion, Icemen, Firemen, Simonizers, and Tarwater's team. Last year the league consisted of eight teams. There is also a prospect that the Legion will have a first and second team.

HARTMAN NOW ONLY TRUSTEE CANDIDATE

Rudolph Hartman today was the only announced candidate for the elementary school trustee election to be held March 25. Mr. Hartman at present is serving as trustee in the position vacated some months ago by the resignation of J. O. Smith. Other candidates for the post have until March 15 to file notices of their candidacy.

Work Out Scheme To Finance \$1,250,000 Road Up San Gabriel

Construction of a \$1,250,000 highway in San Gabriel Canyon, made necessary by Pasadena and county dams in that area, was practically assured today following approval by the county board of supervisors of the multi-party program to finance the project.

The approved plan calls for Pasadena to provide 40 per cent of the cost, the Los Angeles County Flood Control District a similar amount, and 10 per cent each by the State of California and the United States Department of Agriculture. Maintenance of the road for the first two years would be divided 50 per cent by the state, 30 per cent by Pasadena and the remaining 20 per cent by the county. Maintenance thereafter would be defrayed by the state.

The highway, 8.2 miles in length, would extend from Azusa to above San Gabriel dam site No. 2, have a 6 per cent grade and replace part of an old road to be flooded by the Pine Canyon Dam.

WARNER'S THEATRE CUTS PRICE SCALE FOR BIG FEATURES

Starting tomorrow, Warner's Egyptian Theatre, in Lamanda Park, inaugurates a new price scale. Long known for the well selected double feature programs the theatre will offer general admission seats at 20 cents and lodges at 30 cents. At present all seats are 30 cents.

Three of the most popular pictures of the present picture season have been chosen as star bills for this week's programs. Each is accompanied by a second feature of approximately the same merit.

The week's program of features follows: today and tomorrow, "Suicide Fleet," with Bill Boyd, James Gleason, Robert Armstrong and Ginger Rogers; and "West of Broadway" with John Gilbert, El Brendel, Lois Moran; Sunday, Monday and Tuesday, Marilyn Miller in "Her Majesty Love," with Leon Errol, Chester Conklin, W. C. Fields and Ben Lyon; and "Traveling Husbands," with Evelyn Brent, Frank Albertson and Hugh Herbert; Wednesday and Thursday, Dorothy Mackaill in "Safe in Hell," and Lowell Sherman and Mae Murray in "High Stakes."

MRS. JESSIE MACKERRAS WIDOW OF EX-HEALTH OFFICER IS BURIED

The many friends of Mrs. Jessie Cybella Mackerras of 1154 South Los Robles avenue, Pasadena, will be grieved to learn of her death on Monday night. Mrs. Mackerras, with her husband, Dr. Robert Hamilton Mackerras, came to Sierra Madre as a bride in 1907 from Kingston, Ontario, Canada, where she and her husband formerly resided. After a residence here of many years they moved to Pasadena about 11 years ago, where Dr. Mackerras passed away two years later. Dr. Mackerras was a practicing physician and City Health Officer for Sierra Madre, and Mrs. Mackerras was well-known socially.

Mrs. Mackerras is survived by three sons, Robert Hamilton Mackerras, Jr., John Craig Mackerras and Maxwell Davidson Mackerras, of Pasadena; her mother, Mrs. W. G. Craig of Ottawa, Canada, and a brother, J. D. Craig of Ottawa.

Funeral services were held on Thursday afternoon at 3 o'clock from the chapel of the Pasadena Presbyterian Church, of which she was a member. N. W. Tarr, C. W. Jones and Elmer A. Green of Sierra Madre, were among the pallbearers. Interment was held at Mountain View Cemetery.

LAURA ESTELLE CADMUS EASTER SOLOIST IN EAST

Miss Laura Estelle Cadmus of 601 Woodland Drive, who is visiting in the East, has been asked to give a vocal selection on Easter Sunday at the Paddy Memorial Church, Newark, N.J. DRASTIC REDUCTION ON FRIGIDAIRE'S MADE BY LOCAL FIRM

Low-priced surplus-powered quality electric refrigerators on which quotations recently were dropped to sensational low levels, have been placed on display by Sierra Madre Hardware Co., local Frigidaire dealers.

Anticipation of economies in manufacturing that can be effected by greatly increased production has enabled the company to offer to the public the advantage of these savings in advance, a factory announcement said.

The drastic reductions, it was said, were made as a result of a nation-wide survey that indicated there are hundreds of thousands of persons who would like to own Frigidaires, but have deferred purchases because of price.

Coinciding with the display, a national contest in which fifty Frigidaire-Moraine models will be awarded to efficient housewives

is under way. Details of the contest may be had from the Hardware Company.

Although prices have been

lowered to points new to the quality refrigeration field, the announcement said, the company is maintaining the exact work-

manship, the high standards of materials and all the features that enable it to build more household models in 1931 than in 1930.

"These two efficient plants of ours are vital to

practical surplus control"

"RIGHT here in these two buildings is the Exchange's answer to a problem that is puzzling and costly to every industry:

"What to do with the off-grade, surplus product that shouldn't be allowed to reach the market?"

"Once every citrus grower had to pay a dumping charge to get rid of his culls. Now the Exchange Orange Products Company and the Exchange Lemon Products Company take this unsalable fruit and make some return on it.

"Into these plants go fruit we used to think worthless; out come boxes and bottles and barrels of valuable by-products. The annual output of citric acid, pectin, concentrates, fruit oils and other merchandise make these two plants the largest of their kind in the world.

"They are looking to the future, too. Their laboratories are constantly engaged in developing new processes and new products.

"But their present value alone more than justifies their existence. They have made a

problem pay. We avoid a dumping charge. Our entire market is more stable because these marginal fruits are removed from it. And the whole enterprise is more than self-supporting.

"These Exchange by-products plants are an asset no citrus grower can afford to be without if he wants the highest returns from his crops."

If not now a member—Learn why it is that Exchange growers, year after year, get highest returns for their crops. Talk to the manager of the nearest of the Exchange's 210 local associations or 25 District Exchanges. Or write, Growers Service Bureau, Box 530, Station C, Los Angeles.

CARTOON COMEDY — "SPOOKS"

Children See Importance Of Food On Their Bodies By Diet Of White Mice

By John Copeland

"Bib Boy," "Milky," and "Candy Rat," the three white rats under observation at the Sierra Madre School, have grown decidedly dissimilar to one another on the various diets supplied them for experimental purposes.

"Candy Rat" is fed on sweets and water. For three weeks now he has been pining for a bunch of turnips or an artichoke. At the Tuesday night weighing-in he was found to be woefully lacking in ounce-age. One of his hind feet drags as he walks. He goes goofy over an occasional bit of lettuce. "Milky" has a balanced diet of milk and whatnot. He is respectably proportioned. He is of the great middle-class of mice—neither too fat nor too thin.

"Bib Boy" looks like the cartooned politician or a miniature polar bear. He has been eating a select lot of vegetables and milk and fruit. He squats on fat haunches and licks himself fastidiously. He likes to have the children take him out of his cage and scratch his ears. Even his long pink tail is larger than the tails of his next-cage neighbors.

Over the Easter holidays the three rodents will be taken to three separate homes. Three

youngsters will feed them every-day sort of foods. Three mothers will probably acquire a few more silver hairs. And when the rats go back to school after the vacation maybe they will be more of a standard size. They'll all look like "Milky."

New Association Is Organized By Terrace Citizens

The residents and property owners of the Marlborough Terrace tract gathered on Friday evening at the home of Mr. and Mrs. Ted Shaler on Canyon Crest avenue to perfect an organization designed to deal with the various problems that from time to time confront their section of the city.

The organization will be known as the Marlborough Terrace Improvement Association. The following officers were elected: Frank E. Gibson, chairman; Mrs. A. Kennedy Baird, secretary-treasurer; C. M. Cuddy, Ted Shaler, Beulah Thomas, A. Kennedy Baird, C. M. Morse and Frank E. Gibson, executive committee.

About two dozen families were represented at the gathering.

Fire Flames

By one of the boys

and Gerda, Brent's children, are played by Alex Courtney and Dolly Graves. Martha Deane and Lois Corbet play the current and former wives.

Lysbeth Allison, Murray Yeats, Constance Deighton Simpson, C. Glennon Hardy, Evelyn Knowles, Gordon Elliott, John Blagden and Maria Bonzi, are also in the cast.

THE Ladies Auxiliary of the Fire Department has been making the costumes that the women expect to wear during the old Colonial style dresses with the large "hips" and plenty of cloth, which should help the cotton industry. The boys think the girls look swell in their dresses, but we'd hate to see some of our firemen in the dignified makeup of Colonial times. The Chief might have trouble getting a wig down over his ears and Frank Lovell would have difficulty in getting a wig large enough. You can figure for yourself the lovely sight when Roy Walsworth and Jim Heasley or Milt Steinberger would come upon the scene dressed as Colonial gentlemen.

However, there are some men in Sierra Madre that could wear this outfit, but we can't think of a fireman who is capable, unless it would be Tom Schwartz, and even he is bowlegged.

Regardless of the many demands on the firemen at this time, the practice and meeting went off in usual style last Friday, without as much as a hot argument. Roy Walsworth did take Jim Heasley down for the count, but that is a usual occurrence.

The boys are talking baseball again. Some one said "What do you guys want to play ball for, you never win." "That's O.K.," said Frank Lovell, "we at least get the fun and notoriety out of it." Frank says we were noted for losing, and that's something.

Among the firemen's collection of their own moving pictures is a film that shows the boys working up at the Wistaria grounds. This picture was shown at the meeting last week and a very striking scene is one in which they lifted a roof to the top of one of the booths. On one end there were seven men, while the other end was held by Harlan Gerlach and the Chief. Although the picture was a "silent," both the Chief and Harlan could be heard as they lifted.

A HUMOROUS thought just
passed through my mind. As
I sit here and write, I'll bet
there are not a dozen people
awake in town—yet if the old
fire whistle should sound, in less
time than I could write it, I'd
hear the roar of the fire engine's
motor and the boys would be up
and at it.

About the humorous thought—
it wasn't about early morning
hours, fire whistles or anything
else like that, but it was this:
Supposing some one of our
well-to-do citizens—who has not
lost his wealth or any part of
his anatomy in the stock market
—should decide to put up a
money prize for the best picture
painted by one of our local
artists, the requirement being that
said painting must symbolize or
depict the spirit of our city and
the winning painting to become
the property—as the start of a
permanent exhibit—of our Municipal Gallery.

I just stopped to refill my pipe
and while so doing, and looking
over my copy, grim old Humor
dragged into my mind a still funnier
thought. Suppose some one of
our philanthropic citizens should
seriously consider my suggestion.
What an exhibit we might have
to show the world in our Little
Gallery. I can see the walls
crowded with competing canvases.
Here is one—a bevy of beautiful
dancing girls beneath the lavender
blossoms of a great vine. Ah,
it is titled "The Wistaria City."

In my imagination I wander
from canvas to canvas. I pause
before another painting. The imaginative artist has cleverly re-
contoured our mountains so that
they suggest the form of a woman,
upon whose breast is nestled a
mystic group of buildings
strangely suggesting the form of
a baby. This picture is titled
"The Child of Our Mother Mountain."

My imagination is now functioning
a hundred percent and I continue
my wanderings in the gallery of
dreams. But suddenly I pause.
Here is a canvas of
huge proportions—modernistic to
the 'enth degree. By viewing it
from across the gallery I am able
to guess what it is all about. The
broad, brown streak through the
center of the canvass is a street.
I might have guessed it to be a
mountain, a mesa or most anything
but there at one side is a well
depicted sign post which reads
"Central Avenue." Then the
painting begins to reveal itself.
The blotches on either side of the
brown strip are men. Across the
street they were throwing things
as each other. I might have been
mud... or mince pies—lack of
technical detail left the articles
open to one's individual choice—
a rather clever bit of work on the
artist's part I think. I drew
nearer the picture. It was titled
"As You Like It" by Jeed Hasse.
I looked again and lo... the picture
had vanished. A second great
mystery had been added to the
reputation of our "Little Gallery."

Club Members Tour Improvements Now Under Way In City

The beauties of Sierra Madre's
newest artistic and scenic spot,
Bailey Canyon, were inspected
Monday afternoon by a group
composed of the Garden Section
of the Woman's Club, members
of the City Planning Commission,
Al Myers, business manager,
and Elmer Green, city clerk.

Inspection was also made of
the improvements recently com-
pleted on Orange Grove avenue.
Mrs. John Osgood, of the plan-
ning commission, expressed her
delight at this work as well as
at the marvelous progress which
has been made in the canyon.

The Garden Section was served
luncheon out of doors at the
Woman's Club House preceding
the tour of the city's improve-
ment projects. Ivy geranium and
verbena cuttings were exchanged
and distributed for parkway
planting by the club members.

6,000 MEXICANS SENT BACK TO OLD HOMES

Three trains speeding towards
the Mexican border this week
served to reduce the county's
Mexican population by 1400 per-
sons, at the same time, adding
that number of repatriates to
the 6,000 indigents returned to
Mexico since last fall by the
county welfare department.
Shipping the repatriates south
cost about \$12,000, County Su-
pervisor Frank L. Shaw said, but
supporting them here would have
cost much more.

GRADUATES WILL GET AWARDS FROM LEGION

Legion Posts throughout Cal-
ifornia are planning to give Amer-
ican Legion School Awards at the
coming commencement exercises.
The medals are awarded to the
boy or girl pupil who best rep-
resents those qualities of character,
and ability which it is believed
when properly cultivated and ma-
tured will result in worthy citi-
zens and well-rounded manhood
and womanhood. Courage, leader-
ship, honor, service and scholar-
ship are given equal consideration
in deciding to whom the award
shall be given.

SOUTH DAKOTA PICNIC REUNION NEXT SUNDAY

The big South Dakota picnic
reunion postponed on January 31
because of the heavy rain, will be
held at Sycamore Grove Park, Los
Angeles, next Sunday, March 20.
It is sponsored by the State So-
ciety, Federal Judge James D.
Elliott, of South Dakota and Dis-
trict Attorney Buron Fitts, will be
the principal orators on a pro-
gram that contains much of en-
tertainment.

They Have Served the City Well

These four men are members of the present city administration. They have worked harmoniously with the other city officials to carry on the city's business efficiently and economically. They take this opportunity to announce their respective candidacies and ask for re-election on past records

PLATFORM of W. J. LAWLESS

who has been a resident and property owner of Sierra Madre since 1910. He has been interested in all movements for the betterment of the City since that time and has taken an active part in many of them. He is a past master of the Masonic Lodge and an energetic member of the Kiwanis Club.

He was appointed Councilman in December 1928 to fill the vacancy caused by the resignation of Judge Wilbur Thayer and resigned the following May. He was reappointed by the present board February 10, 1932.

In announcing his candidacy for election to the office he now holds through appointment, Mr. Lawless says: "I was very much pleased to be

asked to fill a vacancy on this City Council. I have lived in Sierra Madre many years, have property here, and am intensely interested in the welfare of this little city.

"When I was first appointed in 1928, I welcomed the opportunity to serve this community in an official capacity. However, when four months later, the people unequivocally showed their disapproval of the policies of three of the men who had appointed me, and those three men were no longer on the Council, I felt it only fair to the new members to resign and leave them free to appoint the men with whom they wished to work.

"I have watched the official actions of the Council since that time with the keenest interest and, I am very happy to say, with growing admiration and approval. Those young men have done splendid work for this city. They have given us honest, intelligent and efficient service. The changes that have been made in operation and management have all tended to increase efficiency and cut costs; the changes have all benefited the taxpayer.

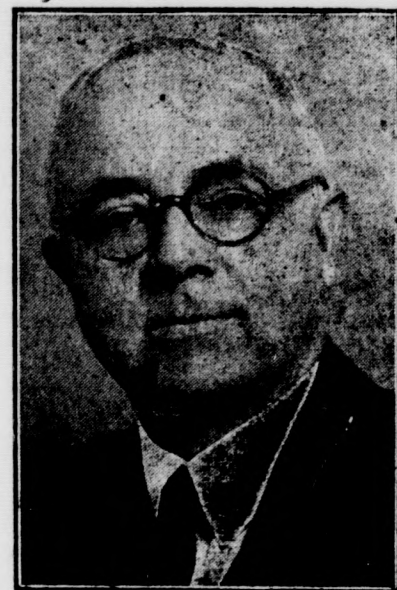

"Therefore I felt it a great compliment when the members of this Council asked me to become their associate in their conduct of the city's government. The entire city administration is such it is a satisfaction to belong to it.

"I am a candidate for election to the Council because I wish to continue this association and, as a good citizen do my share to continue this businesslike method of handling the city's affairs.

"When I accepted the position I pledged to the city my very best efforts to work in harmony and cooperation with the other members of the Council for the best interests of Sierra Madre. In asking for the votes of my fellow citizens I renew that pledge."

PLEDGE OF

ELMER A. GREEN

who is a candidate for City Clerk. He has been a resident of this city since 1920. He is a property owner and has taken an active part in many community service enterprises. For the past two years he has been the able president of the Men's Community Club.

He was appointed a member of the City Council in July, 1929, resigning to accept the position of City Clerk in December, 1929. He was elected to that office in April 1930.

Mr. Green states: "Two years ago I was elected to this office on a pledge of courtesy, efficiency and integrity. Today, again a candidate, it is with the greatest satisfaction that I refer the voters to an adequate fulfillment of that pledge.

"Then I had a record of four months in office. Now I have had an additional two years' experience and I sincerely believe that in those two years I have greatly improved the methods of systematic handling of the financial and other records intrusted to me.

"In asking the voters of Sierra Madre to continue me in office I stand squarely on my record of the past two years. I believe I can give my fellow citizens better service than any new incumbent, however willing, and I renew my pledge of courtesy, efficiency and integrity."

WHY?

These officials are serving the people of Sierra Madre now. We know their policies and their capabilities from their records . . . There is no gamble in continuing them in office. They are in the midst of a constructive program . . . Is it good business to consider a change in the city's management with resultant uncertainties?

Aims of

Warren O. Preston

who has resided in this city since 1925. He owns his home and is a member of Congregational Church and Assistant Scoutmaster of Troop No. 1. He was appointed Councilman in January 1931.

Mr. Preston issued the following statement: "I have decided to run for the office of Councilman to succeed myself. I have been asked why I take the trouble when the office means nothing but work, no recompense.

"I have found there is a recompense—the satisfaction of doing one's share, small or large, to give the community one lives in a square deal in government, to give the taxpayer a dollar's worth of service for every tax dollar.

"I have enjoyed my work on the City Council, in spite of the time and effort it has demanded, because I have been working with a group whose basic purpose has been just that—full value to the taxpayer for his tax dollars and as few tax dollars as possible compatible with efficiency.

"I feel that the satisfaction of accomplishment, of helping to carry through the things we have commenced, things which will be of lasting benefit to Sierra Madre, will repay me for all the annoyances and fatigue.

"Therefore I am asking the people of Sierra Madre to send me back to the Council and I promise them that, as in the past I have done the very best I could, in the future, I will do for them the very best I can, the best I know how."

Unchallenged Service of

Carleton J. Pegler

who has resided in this city since 1893, long before Sierra Madre was a city, when this part of the country was all ranches. His father was elected a member of the first board of City Trustees when the incorporation took place in 1907.

Mr. Pegler owns a lemon ranch in the southeast section of town and has been actively identified with city affairs since 1914 when he was elected City Treasurer. Since then it has become a confirmed habit for the voters to re-elect him. He has been opposed for the office but once.

Mr. Pegler says: "It seems to me 18 years of unchallenged service should be a sufficient guarantee of fitness for the job without words from me. I have worked harmoniously with each administration and no fault has ever been found with my department.

"At no time in those years have the city finances been in better condition than at present. In many accounts the balances are materially larger than is usual at this period of the fiscal year. The city's financial standing and credit have never been more sound.

"I pledge myself, if re-elected, to a continuation of efficient, honest discharge of my duties."

Women Of Legion Entertain Officers From Other Cities

A number of visiting delegates were present last Thursday evening at the meeting of the American Legion Auxiliary, which was held in the City Hall. Among the auxiliary representatives of note were Mrs. Myra Winekoop, 18th district president; Mrs. Lora Henderson, 18th district chaplain; Mrs. Clark, 18th district membership chairman and Mrs. Hinkle, president of the East Pasadena Auxiliary.

Mrs. Helen Fleming, treasurer, reported that the sale of home-made candy by the Parent-Teachers and Auxiliary at the Washington party at the Grammar School, was very successful from a financial standpoint.

Plan 3-Day Drive To Aid Boy Scouts

Committee Appeals For Funds To Meet Quota Asked By Council

By Rev. Arthur O. Pritchard

At a meeting of the friends of Boy Scouts held recently in the Legion rooms of the City Hall, certain facts regarding the Scout situation in Sierra Madre were made clear. These so effect the present status of troops and the future of Scouting that it is important that all friends of boys know of them.

In the first place the Pasadena-San Gabriel Council, of which our troops are a part, has come to the conclusion that a new line up must be made, and only those troops allowed to remain in the Council that pay a proportionate share of the Council activities. Two years ago we made such a contribution but since then have done nothing. The Council has carried us as a sort of friendly good turn but can do so no longer, and they ask us to tell them what is our purpose. Surely we are ready to do our own share and not rely on Pasadena.

These Council activities are the high points of Scouting. They embrace those things which a community cannot do by itself, but which constitute the essence of real Scout work. They are the use of the equipment and the direction of the Scout leaders to be found at the three camps, Camp Huntington in Rubio Canyon, Cherry Valley Camp on Catalina Island, and Camp Blue Ridge in our Sierra Madre range. These camps represent a capital investment of about \$75,000 besides the land, all of which has been donated by friends of Scouting.

Besides the use of these camps, under trained leaders, there is the supervision of executives, the keeping of records, making of tests, awarding of merit badges and all the detail that goes with a merit organization of national scope. It is much the same as the benefit of equipment and endowment which a college student receives who goes to an institution of learning. His tuition pays for part of the administration of his course but only for the use of dormitories, libraries and recitation halls.

We have at this time two good troops in Sierra Madre under able leaders with 27 registered Scouts, and at least eight in training. Surely we want our boys to have the full advantages of a national organization with nearly 25 years of experience.

The group of citizens at the meeting voted to appeal to the people of Sierra Madre for their share of the Council budget based on population. This is \$400 and a committee was elected to solicit funds. The committee has had two meetings and has voted to make a campaign on April 6, 7 and 8. Friends are asked to be generous that we may join with Monrovia, Baldwin Park and Covina, which have already made up their quota.

FOUR COMMUNITIES ADDED TO THIS CITY'S COUNTY HEALTH UNIT

The county health district of which Sierra Madre is a part, and of which Dr. J. M. Furstman is the head, is now probably the largest in the Los Angeles county. Lamanda Park, Altadena and Temple City have just been added to the old district which consisted of Sierra Madre, Arcadia, Monrovia and Azusa. The new territory has a population of 30,000, bringing the total of the new district to 73,000. The headquarters will remain at Monrovia.

WARE BRUSH FIRES WARNS HEAD FORESTER

Owners of brush covered property in Sierra Madre today were warned of the necessity of clearing their land of the growth by Spence D. Turner, county forester and fire warden. Brush throughout the county has reached abnormal size and density because of the recent heavy rainfall, and constitutes a serious fire hazard, he said. Particular attention was called to brush alongside of roads, 70 per cent of fires being caused by motorists.

WOMAN'S GUILD WILL HOLD A FOOD SALE

The Woman's Guild of the Ascension Parish is holding a cooked food sale tomorrow at Seely's Grocery. Miss Marion Vannier and Mrs. Elizabeth Dietz are in charge and will have a varied selection of goodies from the best known cooks in town. Miss Vannier says that each sale unearths something new in the line of good things to eat and she expects to have an unusually attractive selection of cakes, cookies and salads this week.

IN YOUR GARDEN

HOW TO DESIGN YOUR GROUNDS

ALTHOUGH well designed gardens are becoming numerous, most home owners are content with the layout of their home grounds which was given them by the subdivider. That is, they accept the sidewalk, back fence and side boundaries as sufficient delineation of their garden area and proceed to plant little or much within this area without further attempt at design.

In some cases there is resistance to the idea of designing, a feeling that outdoors calls for informality, and that any interference with haphazard arrangement is stiff and pretentious. It may be so, indeed, but on the other hand, a really beautiful expression

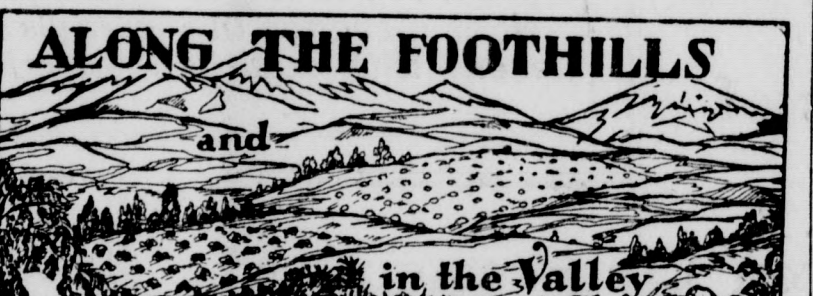

Trees Should Frame the House, Not Hide It

of the feeling of informality in a garden calls for a degree of design, skill much greater than formality and stiffness require.

A house might be built without design. The windows might be of varying sizes and placed without consideration of balance. The rooms might be of irregular shapes and the contour of the roof unstudied. Such a house would not be any more "informal" than perhaps a majority of our home grounds. Yet few would consent to live in it. The revolt against haphazard gardens is not so certain, perhaps, because of the beauty of the materials of which a garden is made.

Nature always designs. Every plant is a beautiful thing, complying with the laws of composition. It is only in the arrangement of these things of beauty that the usual garden violates these laws. The gardener who only makes a bad arrangement but uses his pruning knife to destroy the natural beauty of his plants and shrubs is unfortunately becoming less numerous.

The most conspicuous examples of bad arrangement are to be found in trees. It is impossible

ALONG THE FOOTHILLS and in the Valley

Without exception proposed bond issues have fared badly in Orange county in recent months and the county supervisors have changed their minds about submitting a county issue. But San Clemente will vote on two issues at the municipal election on April 11—the first time the Spanish village has voted on bonds.

After canvassing the churches of Pasadena the Pastor's Union of that city has decided that the usual Easter sunrise service in the Rose Bowl will not be held this year.

The Pacific Electric Company has advised the Pasadena authorities that with the abandonment of trolley car service on Colorado street east of Huntington Drive, it will probably extend its bus service East as far as Rosemead boulevard, affording transportation to a rapidly growing section that is now without it.

All the city employees of Glendora whose salaries are not fixed by State law must accept a 10 per cent salary reduction, the Council has decreed following an investigation of methods to reduce operating expenses.

Mrs. Ernestine Aylward, of South Pasadena, has been appointed chairwoman of the area judging contest of the American Legion Auxiliary's State Poppy Poster contest. The contest is being held in connection with the annual poppy sale of the Auxiliary on May 28, for the benefit of the children of disabled and deceased war veterans.

A delegation of citizens from Pomona after presenting necessity for a new grandstand at the county fair grounds was assured by the County Supervisors that they would try to find

Smiling Salvadore, City's Tiny Newsy, Leaves For Mexico

One of Sierra Madre's most cheerful merchants, one of her most industrious workers, today is enroute to Mexico, and will return no more to the Wistaria City. Smiling little Salvadore Salazar, vendor of evening newspapers in Kersting Court for more than two years, has returned to his native land with his father and sisters. In recent months the elder Salazar found it increasingly difficult to find work, but revived hope when friends in his mother country reported he would be able to find a job in Mexico.

But the going of Salvador has left a void among the staff and children of the Plaza Home, where he lived for the past six years and a half. "Salvador's friends and customers will miss him," said Miss Elsie Gibson, principal, "but not as much as we of the home. Perhaps no other child here has won the love and respect of the entire group as did Salvador. He was generally quiet and unassuming, but with a keen sense of humor. He was never a tale bearer, but was always trustworthy when sent on an errand, and often did the banking for the Home. An incessant worker, he generally carried two or three small jobs besides his paper job."

FETE OPENS FOR PREVIEW ON SUNDAY

(Continued from Page One)

Sunday we expect that 500 or more cars will bring people to the vine. We will have to be there to take care of the crowd so we decided that we might as well have an unofficial opening.

The Fete this year will be a day and night affair. For the first time the vine will be shown in the shade of the evening under arc lights and spots. The evening arrangement, however, is temporary, and in the nature of an experiment.

At the official opening on Thursday the mayors of the leading cities of Southern California, will be the guests of the firemen. Mayor Porter of Los Angeles, the mayors of Pasadena, Monrovia, Arcadia, Alhambra, and others will also be on hand.

On Friday evening the Firemen will entertain the members of the Sana Gabriel Valley Publishers Association.

The Fete this year will have many striking features, some of them new and unique. The members of the Women's Auxiliary,

FOUNDER'S SON PLANTS 200 TREES AT HOME

Mountain slopes backing the home of N. C. Carter, descendant of the founder of Sierra Madre, today were receiving a new dress of 200 evergreen trees of 66 varieties.

Mr. Carter, who is recognized as an outstanding authority on phases of horticulture having to do with trees, is carrying out a reforestation scheme on his property, located in the foothills between Mountain Trail and Baldwin avenues.

Favorite Recipes of Sierra Madreans

THIS is Mrs. E. D. Burbanks' favorite recipe for New England Chowder. Fry the fat out of three slices of salt pork. Remove the pork and into the hot fat slice three raw onions, three raw potatoes and one pound of fish (halibut preferred.) Cover with sufficient cold water for cooking. Boil until fish and vegetables are well cooked, then add one quart of milk and let come to a boil. Season with salt and pepper and add one tablespoon of butter. In place of fish, either clams, oysters, or green corn may be used.
